***Kick Start your Life!***

**Way of Life!**

## EXTERIOR CHARACTER

Black resin grille and lamps create a unified impression of the front elements for a tough, dignified look.

Headlamps with "gripping" design for a strong, aggressive image.

Intense black resin front bumpers have a strong identity and gives the car a commanding image.

180mm High ground clearance

Bold and muscular front grille with trapezoid motifs leaves a lasting impression.

Rear lamps are pushed to the corner, much higher than a regular hatch for a unique signature look and instant recognition.

The rear lamps also incorporates the "gripping" design, echoes the headlamp design.

The rear bumper is also made with black resin separate from the body panel, adding to the strong image.

### Captivating Exterior

With its unique proportions inspired from Suzuki's iconic SUVs, the S-PRESSO stands out as it explores the urban jungle seeking for adventure.

### Side Design

- The side body volume has been pushed upwards to give high visual center of gravity.
- The square-like wheel arches enhance its stance and sporty side.
- The strong character line adds to the car's bold persona

## EXTERIOR FEATURES

### Headlamps and Rear Combination Lamps

Multi-reflector Halogen headlamps provides greater light distribution and the "gripping" design looks energetic and robust. The rear lamps with signature C-shape are designed for instant recognition

### 14-inch steel wheel (full wheel cover)

Powerful trapezoid design full covers add uniqueness to its styling

## Body Color

A new color has been introduced for the New S-PRESSO that perfectly captures its robust and preppy characteristics, and further emphasizes the bold and exciting impression

NEW Sizzle Orange (ZZT)

Fire Red (Z4Q)

Metallic Granite Gray (ZTN)

Metallic Silky Silver (Z2S)

## INTERIOR CHARACTER

### Driving Convenience and Comfort

The S-PRESSO is designed inside out for spaciousness and comfort. This ensures that it just not appears big on the outside, but also delivers ample space inside, providing comfort and convenience in every drive for both the driver and passengers. The high seating position, true to its concept, gives the driver a commanding view.

### Bold, sculpted panel design

The design theme flows gradually along sculpted linear features, with bold sections enhancing its tough persona.

## INTERIOR FEATURES

### Instrument panel

The unique instrument panel with its vibrant and innovative styling delivers a one-of-a-kind user interface. The meter cluster placed at the center gives the driver a new, heightened driving experience.

#### Speedometer

The unique and cutting-edge design ensures good visibility of the speedometer.

#### Convenient Power Windows

The power window controls for the front side windows are located at the centre of the instruments for easy operation.

#### Air conditioner & USB Port

Easy to operate manual air conditioner and below it, a 12V socket and USB port to play your audio files in the front console to charge devices.

#### 7" Touchscreen Audio

Equipped with 7" Touchscreen AM/FM Radio with USB (Video, Music and Photo playback) and Bluetooth function.

### Front and Rear Seats

The sporty and stylish seat trim design with coordinated accent gives it a burst of energy that makes the interior even more vibrant.

The car is designed thoughtfully so as to provide extra space. Engine room space has been minimize to maximize luggage and occupant space.

There is also ample shoulder room in the front and rear, ensuring comfort for both driver and passenger.

### Ample Luggage Space

The S-PRESSO combines compact body size with a spacious 239-litre luggage compartment. Its rear bench seat also fold to produce even more space for bigger items.

### Everyday use storage

The S-PRESSO is chockfull of storage options for greater convenience.

Console front pocket

Front console cup holder

Open tray

Console rear pocket

Glove box

Door pocket

## PERFORMANCE

### 1.0L Petrol Engine

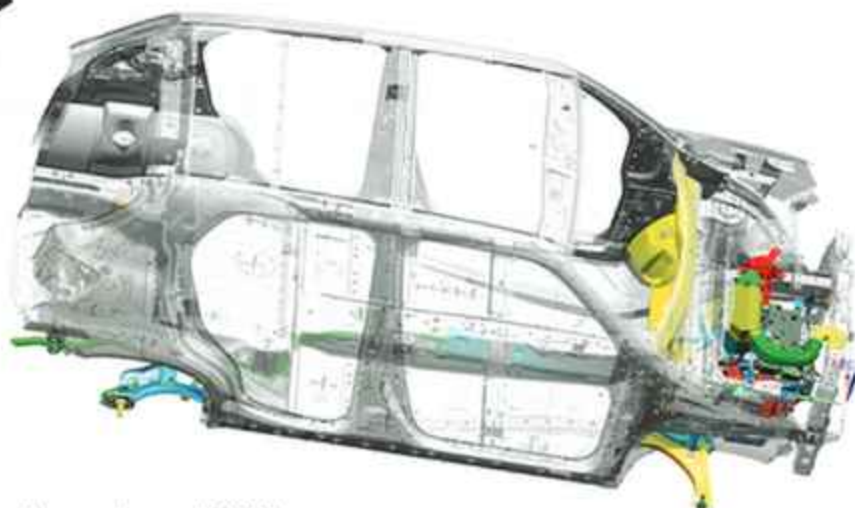

Under the hood of the S-PRESSO is a 1.0-litre engine that is compact in size. It delivers a peppy performance and enhanced fuel efficiency, making the driving experience all the more exciting.

ENGINE	S-PRESSO
Type	K10B
Number of cylinders	3
Number of valves	12
Piston displacement	998
Bore x Stroke	73 x 79.5
Compression ratio	11.0
Maximum output (hp/rpm)	67/5,500
Maximum Torque (N.m/rpm)	90/3,500

### 5 Speed manual transmission

The 5 speed manual transmission offers an optimal gear ratio, and reduces friction for the engine and drive train to obtain the best possible fuel consumption and power performance.

### Aerodynamic and NVH

Muffler noise, road noise and floor vibration are minimized through optimizing body characteristics. Not only are the noises reduced by use of enhanced insulation materials on the car body through a series of intricate improvements to optimize airflow, the ideal balance of design and aerodynamic performance is achieved.

### New generation "HEARTECT" platform

The S-PRESSO rests on Suzuki's new generation "HEARTECT" platform that delivers enhanced fundamental vehicle performance due to being light and highly rigid. Its smooth, curving form disperses energy more efficiently for great collision safety and its lighter weight contributes to lower fuel consumption and higher driving performance.

### TECT (Total Effective Control Technology)

The body design centers on Suzuki's TECT concept, resulting in a structure that efficiently absorbs and disperses the energy in the event of a collision.

## SAFETY

S-PRESSO

## SAFETY

### Airbags

The car comes with front SRS airbags for the safety of both the driver and front passenger in case of frontal collision.

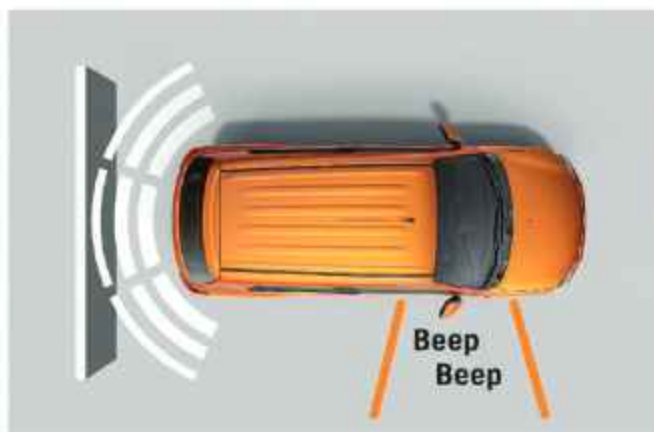

### Pre-tensioner and force limiter

The pre-tensioner is designed to tighten the seatbelts to restrain occupants quickly and to prevent them from being thrown forward in case of a moderate or severe frontal crash. Force limiter helps protect occupants from seatbelt inflicted injuries.

### ABS with EBD

In an emergency braking situation, the Anti-lock Braking System (ABS) keeps tyres from locking up and support the driver to maintain steering ability. While the Electronic Brake Force Distributor (EBD) shortens the braking distance by optimally distributing force to the front and rear wheels.

### Rear Parking Assist System

Ultrasonic sensors in the rear bumper detect obstacles while the driver is parking the car. Warning sounds help the driver by changing in accordance with the distance to the obstacle.

### Turning Radius

A minimum turning radius of 4.5m provide excellent maneuverability even on narrow roads.

4.5m

## MAJOR SPECIFICATIONS

DIMENSIONS			GL	
Overall Length			mm	3,555
Overall Width			mm	1,520
Overall Height			mm	1,555
Wheelbase			mm	2,350
Tread	Front	mm	1,315	
	Rear	mm	1,320	
Minimum Turning Radius			m	4.5
Minimum Ground Clearance			mm	180
CAPACITY				
Seating capacity			persons	5
Luggage Capacity (11-high variant with parcel shelf)		Max. Volume	Liters	239
Fuel tank capacity			Liters	27
ENGINE				
Type			K10B
